

FOREWORD AND INTRODUCTION

On initiative of CAB, SkOF (Skånes Ornithological Society) arranged this tour to Nepal in April-May 1986. The primary objective of the tour was to study the birds and mammals in the most magnificent of national parks on earth - Everest National Park! However, we also had the opportunity of visiting some excellent birding areas in the Kathmandu valley, as well as one of the richest national parks in Asia, Chitwan N.P. On the way to Nepal we had the pleasure of spending some 24 hours in New Delhi. On the following pages you will find lists with our observations of birds and mammals from these areas.

Altogether 288 bird species and 16 mammals were definitely identified. Of these, only 78 were observed within the Everest NP - a reflection of the high altitude and rather cool climate of the park. However, many of these species were highly interesting to see, because they are usually not - in some cases never - found outside the high Himalaya! Furthermore, the magnificent sceneries added an extra dimension to the birdwatching in the park!

The bird-lists are arranged according to Inskipp and Inskipp "A guide to the birds of Nepal" (1985), in terms of the order of the birds and their latin names. Reference to this book is simply made as "Inskipp". For practical reasons, however, the the english names of the birds follow Fleming et al. "Birds of Nepal" (1984) - the commonly used field-guide in the area. Mammals are arranged according to Prater "The book of Indian animals" (1980).

Finally, I would like to thank my 7 fellow birdwatchers for their never failing enthusiasm and good fellowship. We thank our technical tour arrangers, Scanasia Resor (Göteborg) and Transhimalaya Trekking (Kathmandu) for fine arrangements. We are also indebted to our sardar, Mr. Lhakpa Isering Sherpa (Namche) and his staff, for excellent guiding and service throughout the trekk. I also acknowledge the many valuable suggestions of Mr. Raj Singh (New Delhi).

Lund, Sweden, September 14, 1986.

Carl-Axel Bauer

TREKKING-ROUTE AND HEIGHTS

- 21.4 : Kathmandu - Lukla (2850 m) - Chaunrikarka - Phakding (camp at river side west of Dudh Kosi).
- 22.4 : Phakding (2800 m) - Benkar - Chumo (camp).
- 23.4 : Chumo (2800 m) - Thaog - Everest National Park entrance - Imja Khola - Namche Bazar (3441 m). Camp above Namche (3500 m)
- 24.4 : Namche - Syangboche (3700 m) - Everest View Hotel (3860 m) - "Pheasant" camp (3650 m), between Khumjung and Trashinga.
- 25.4 : Pheasant camp and surroundings.
- 26.4 : Pheasant camp - Trashinga - Imja Khola - Phunki (3250 m) -Thyangboche (3867 m) - Pangboche (4000 m), camp.
- 27.4 : Pangboche - Orsho (4100 m) - Tsureo Og (4135 m) - Dingboche (4360 m), camp.
- 28.4 : Dingboche - Chukung (4730 m), camp. Trekking up to 4800 m.
- 29.4 : Chukung (trekking up to 5000 m) - Dingboche (camp).
- 30.4 : Dingboche - Tsureo Og - Pangboche - Thyangboche (camp).
- 1.5 : Thyangboche - Phunki - Imja Khola - Trashinga - Pheasant camp (camp).
- 2.5 : Pheasant camp - Namche - Imja Khola - Thaog - Chumo (camp).
- 3.5 : Chumo - Benkar - Phakding - Chaunrikarka - Lukla (camp).
- 4.5 : Lukla and surroundings (camp at Lukla).
- 5.5 : Lukla - Kathmandu.

MAP OF EVEREST NATL. PARK

BIRDS

KHUMBU - EVEREST NATIONAL PARK

DARK KITE (*Milvus migrans*) : a few seen around Lukla and Namche and several above 4200 m, with a max. of 7 birds at 4800 m Chukung, 29.4.ENP

BEARDED VULTURE (*Gypaetus barbatus*) : 1-4 birds seen regularly from 2700 m to 4200 m.ENP

HIMALAYAN VULTURE (*Gyps himalayensis*) : regular up to 4600 m (max. 6 per day).ENP

HEN HARRIER (*Circus cyaneus*) : 1 female close to Lukla 3.5.

GOSHAWK (*Accipiter gentilis*) : 1 close to Thyangboche.ENP

SPARROWHAWK (*A. nisus*) : 4 between Lukla and Chumo, 1 at Pheasant camp.ENP

EURASIAN BUTEO (*Buteo buteo*) : totally 7 sightings from 2700 m to 4000 m. Not earlier reported above 3000 m (Inskipp).ENP

LONG-LEGGED BUTEO (*B. rufinus*) : 1 at 2700 m and 1 at 4000 m (Pangboche). Not earlier reported above 2700 m (Inskipp).ENP

STEPPE EAGLE (*Aquila rapax nipalensis*) : 3 birds seen between 3000 m and 4000 m.ENP

GOLDEN EAGLE (*A. chrysaetos*) : 1-2 birds seen almost daily up to 4700 m.ENP

EURASIAN KESTREL (*Falco tinnunculus*) : 5 sightings, from 3800 m to 4800 m.ENP

PEREGRINE FALCON (*F. peregrinus*) : 1 at 4200 m.ENP

TIBETAN SNOWCOCK (*Tetraogallus tibetanus*) : 2 seen and heard around Dingboche.ENP

BLOOD PHEASANT (*Ithaginis cruentus*) : up to 4 birds seen at Thyangboche.ENP

IMPEYAN PHEASANT (*Lophophorus impejanus*) : noted from 3500 m to 4000 m. Common at 3700 m, around Pheasant camp.ENP

KALIJ PHEASANT (*Lophura leucomelana*) : 1 male at Pheasant camp, 3700 m, slightly above earlier height record (Inskipp).ENP

IBISBILL (*Ibidorhyncha struthersii*) : 1 displaying male and 1 incubating female at the river beds of Imja Khola, Pangboche, 4000 m. Apparently first breeding record within ENP (Inskipp).ENP

SNIPE SP. (*Gallinago sp.*) : 1 at Imja Khola, Pangboche, 4000 m. ENP

- SNOW PIGEON (*Columba leuconota*) : common from 3400 m to 4750 m. ENP
- RUFOUS TURTLE DOVE (*Streptopelia orientalis*) : common from 2700 m to 4000 m. ENP
- WEDGE-TAILED GREEN PIGEON (*Treron sphenura*) : 2 at Chumo, 2800 m. Earlier not noted above 2400 m (Inskipp).
- EURASIAN CUCKOO (*Cuculus canorus*) : a few heard near Lukla.
- HIMALAYAN CUCKOO (*C. saturatus*) : a few heard near Lukla.
- TAWNY WOOD OWL (*Strix aluco*) : heard at Pheasants camp and at Thyangboche. ENP
- EDIBLE NEST SWIFTLET (*Collocalia brevirostris*) : locally common at 2700 m.
- LARGE WHITE-RUMPED SWIFT (*Apus pacificus*) : 25 seen above Phakding and 10 above Pangboche. ENP
- DARJEELING WOODPECKER (*Dendrocopus darjellensis*) : 2 sightings around Lukla.
- LITTLE SKYLARK (*Alauda gulgula*) : a few heard and seen around Namche, 3500 m. ENP
- CRAG MARTIN (*Ptyonoprogne rupestris*) : a few between Lukla and Phakding.
- NEPAL HOUSE-MARTIN (*Delichon nipalensis*) : locally common between Lukla and Chumo. 1 at Thyangboche 1.5. ENP
- BLYTH'S PIPIT (*Anthus godlewski*) (?) : 2 birds seen at Dingboche probably belonged to this species. ENP
- HODGSON'S TREE PIPIT (*A. hodgsoni*) : common from 2700 m to 4000 m. ENP
- ROSE-BREASTED PIPIT (*A. roseatus*) : locally quite common from 2700 m at least to 4400 m. ENP
- GREY WAGTAIL (*Motacilla cinerea*) : a few seen around Lukla and 2 at Pangboche. ENP
- PIED WAGTAIL (*M. alba*) : 1 seen along Dudh Kosi and 2 at Pangboche. ENP
- LONG-TAILED MINIVET (*Pericrocotus ethologus*) : up to 10 seen between Lukla and Chumo.
- BROWN DIPPER (*Cinclus pallasii*) : a few seen almost daily, up to Dingboche. ENP
- WREN (*Troglodytes troglodytes*) : about 10 sightings, up to 4600 m. ENP
- RUFOUS-BREASTED ACCENTOR (*Prunella strophiatea*) : seen from 3700 m to 4900 m, common at the higher elevations. ENP
- ROBIN ACCENTOR (*P. rubeculoides*) : from 4000 m to 4800 m, common at the higher elevations. ENP

- ALPINE ACCENTOR (*P. collaris*) : 1 at Chukung, 4800 m. ENP
- BLUE CHAT (*Luscinia brunnea*) : several singing males between Chumo and Lukla, in early May.
- ORANGE-FLANKED BUSH-ROBIN (*Tarsiger cyanurus*) : 15-20 seen between 3700 m and 4200 m. ENP
- BLUE-FRONTED REDSTART (*Phoenicurus frontalis*) : quite common to common from 3600 m to 4900 m. ENP
- GULDENSTADT'S REDSTART (*Ph. erythrogaster*) : 1 male at Chukung, 4800 m. ENP
- PLUMBEOUS REDSTART (*Rhyacornis fuliginosus*) : a few along Dudh Kosi river. ENP
- GRANDALA (*Grandala coelicolor*) : 10-15 at 4200 m and 15-20 near Thyangboche. ENP
- DARK-GREY BUSHCHAT (*Saxicola ferrea*) : about 20 seen between Lukla and Chumo and 1 just within the park borders. ENP
- WHITE-CAPPED RIVERCHAT (*Chaimarrornis leucocephalus*) : a few birds seen daily, from 2700 m to 4600 m. ENP
- CHESTNUT-BELLIED ROCK-THRUSH (*Monticola rufiventris*) : 1 male at Phakding.
- WHISTLING THRUSH (*Myiophonus caeruleus*) : common from 2700 m to 3900 m. ENP
- PLAIN-BACKED MOUNTAIN THRUSH (*Zoothera mollissima*) : 1-2 at Thyangboche. ENP
- WHITE-COLLARED BLACKBIRD (*Turdus albocinctus*) : 1-2 females close to Lukla.
- RED-THROATED THRUSH (*T. ruficollis ruficollis*) : 1 male close to Pheasant camp. ENP
- LITTLE FORKTAIL (*Enicurus scouleri*) : 2 between Chumo and Phakding.
- RUFOUS-CAPPED BUSH WARBLER (*Cettia brunnifrons*) : a few seen from 2700 m to 4000 m. Quite common south of Lukla. ENP
- YELLOW-EYED WARBLER (*Seicercus burkii*) : quite common between Lukla and Chumo. A few below Namche. ENP
- CHESTNUT-CROWNED WARBLER (*S. castaniceps*) : 1 seen between Lukla and Phakding 21.4. Apparently first record for Khumbu (Inskipp).
- GREY-HEADED WARBLER (*S. xanthoschistos*) : 1 seen between Lukla and Phakding.
- CROWNED LEAF WARBLER (*Phylloscopus reguloides*) : quite common up to 3000 m. A few below Thyangboche. ENP
- LARGE CROWNED LEAF WARBLER (*Ph. occipitalis*) : 2 between Chumo and Lukla, 3.5. Apparently first records for Khumbu (Inskipp).
- DULLGREEN LEAF WARBLER (*Ph. trochiloides*) : a few noted between Lukla and Chumo.

- LARGE-BILLED LEAF WARBLER (*Ph. magnirostris*) : noted on 4 days below 2900 m, with a max. of 7 noted between Chumo and Lukla, 3.5
- ORANGE-BARRED LEAF WARBLER (*Ph. pulcher*) : several (max. 10) seen between 3700 m and 3900 m. ENP
- GREY-FACED LEAF WARBLER (*Ph. maculipennis*) : 5 and 2 birds reported seen north of Lukla 21.4 and 3.5, respectively.
- YELLOW-RUMPED LEAF WARBLER (*Ph. proregulus*) : quite common up to 4000 m. ENP
- PLAIN LEAF WARBLER (*Ph. inornatus*) : somewhat less common than *proregulus*. Seen up to 4000 m, much higher than reported by Inskipp. ENP
- SMOKY LEAF WARBLER (*Ph. fuligiventer*) (?) : 1 bird reported seen south of Chumo, believed to belong to this species.
- TICKELL'S LEAF WARBLER (*Ph. affinis*) : seen from 3500 m to 4700 m, quite common at the higher elevations. ENP
- BROWN LEAF WARBLER (*Ph. collybita*) : 1-2 seen south of Chumo on 3.5, at 2800 m. Apparently not earlier observed in Khumbu (Inskipp).
- GOLDCREST (*Regulus regulus*) : a few close to Thyangboche. ENP
- VERDITER FLYCATCHER (*Muscicapa thalassina*) : a few between Lukla and Chumo.
- FERRUGINOUS FLYCATCHER (*M. ferruginea*) : 1 between Chumo and Lukla.
- SOOTY FLYCATCHER (*M. sibirica*) : a few around Chumo.
- SLATY-BLUE FLYCATCHER (*Ficedula tricolor*) : totally 4-5 seen including 1 stationary male at Pheasant camp. ENP
- ORANGE-GORGETTED FLYCATCHER (*F. strophinata*) : a few around Lukla and 2 close to Thyangboche. ENP
- YELLOW-BREASTED FANTAIL FLYCATCHER (*Rhipidura hypoxantha*) : quite common below 3000 m. A few seen close to Thyangboche. ENP
- STREAKED LAUGHING-THRUSH (*Garrulax lineatus*) : up to 10 seen daily below 3000 m.
- BLACK-FACED LAUGHING-THRUSH (*G. affinis*) : seen from 2700 m up to 3900 m (10 at Thyangboche). ENP
- RED-HEADED LAUGHING-THRUSH (*G. erythrocephalus*) : a few seen below 3000 m.
- HOARY BARWING (*Actinodura nipalensis*) : 1 near Lukla.
- BAR-THROATED MINLA (*Minla strigula*) : 5 seen below 2800 m.
- CHESTNUT-HEADED TIT BABBLER (*Alcippe castaneiceps*) : about 10 noted between Lukla and Chumo.
- WHITE-BROWED TIT BABBLER (*A. vinipectus*) : 5-6 seen between Lukla and Namche. 1 seen at Pheasant camp. ENP
- BLACK-CAPPED SIBIA (*Heterophasia capistrata*) : common below 2800 m, a few slightly higher. ENP
- STRIPE-THROATED YUHINA (*Yuhina gularis*) : 1 near Lukla.

- RUFOUS-VENTED YUHINA (*Y. occipitalis*) : 1 between Chumo and Namche, 1 near Lukla. ENP
- RUFOUS-FRONTED TIT (*Aegithalos iouschistos*) : 1 near Lukla.
- RED-HEADED TIT (*A. concinnus*) : 10 between Lukla and Phakding.
- CRESTED BROWN TIT (*Parus dichrous*) : about 25 sightings from 2700 m to 4000 m. ENP
- SIKKIM BLACK TIT (*P. rubidiventris*) : common from 3500 m to 4000 m. ENP
- COAL TIT (*P. ater*) : about 20 sightings from 2700 m to 4000 m. ENP
- GREEN-BACKED TIT (*P. monticolus*) : quite common between Lukla and Chumo.
- WALLCREEPER (*Tichodroma muraria*) : 1 seen above Imja Khola at Phunki and 1 below Namche at Dudh Kosi. ENP
- NORTHERN TREECREEPER (*Certhia familiaris*) : about 10 seen between 3500 m and 4000 m. ENP
- NEPAL SUNBIRD (*Aethopyga nipalensis*) : a few between Lukla and Chumo.
- BLACK-HEADED SHRIKE (*Lanius schach tricolor*) : 1 at 2800 m, between Chumo and the ENP entrance.
- GREY-BACKED SHRIKE (*L. tephronotus*) : about 10 between Lukla and Pheasant camp. ENP
- YELLOW-BILLED BLUE MAGPIE (*Urocissa flavirostris*) : about 15 seen between Lukla and the park entrance. ENP
- NUTCRACKER (*Nucifraga caryocatactes hemispila*) : seen and heard quite regularly below 3000 m. A few just below Thyangboche. ENP
- YELLOW-BILLED CHOUGH (*Pyrrhocorax graculus*) : quite common to common above 3000 m. ENP
- RED-BILLED CHOUGH (*P. pyrrhocorax*) : quite common to common above 3000 m. ENP
- JUNGLE CROW (*Corvus macrorhynchos*) : common from 2700 m up to 4400 m. A few at 4800 m. ENP
- CINNAMON SPARROW (*Passer rutilans*) : a pair was seen in the fields around Dingboche, 4400 m, 27.4, and a male was seen in the same area 29.4, showing all important fieldmarks well. According to Inskipp, the species has not earlier been reported east of Kathmandu! ENP
- TREE SPARROW (*P. montanus*) : a few seen in Lukla and quite a few in Namche. ENP
- HODGSON'S MOUNTAIN-FINCH (*Leucosticte nemoricola*) : common above 4300 m. ENP
- BEAUTIFUL ROSEFINCH (*Carpodacus pulcherrimus*) : a few seen between Lukla and Namche, common between 3500 m and 4600 m. ENP
- WHITE-BROWED ROSEFINCH (*C. thura*) : 2 seen at Namche and 3 at Thyangboche. ENP
- GREAT ROSEFINCH (*C. rubicilla*) : 6-8 seen at Chukung between 4700 m and 5000 m. ENP

RED-BREASTED ROSEFINCH (*C.puniceps*) : 2 near Pangboche.ENP

RED-HEADED BULLFINCH (*Pyrrhula erythrocephala*) : 1 male close to Pheasant camp.ENP

WHITE-WINGED GROSBEAK (*Mycerobas carniceps*) : about 30 seen between Namche and Pangboche.ENP

MAMMALS

KHUMBU - EVEREST NATIONAL PARK

HIMALAYAN BLACK BEAR (*Selenarctos thibetanus*) : 1 seen 23.4 around 18 o'clock, at 3500 m, from the ENP museum, over the Imja Khola river valley, on the slopes of Tramserku. ENP

ORANGEBELLIED HIMALAYAN SQUIRREL (*Dremomys lokriah*) : 1 between Lukla and Phakding.

HIMALAYAN MOUSE-HARE (*Ochotona roylei*) : 1 seen between Lukla and Phakding and 3 at Chukung Yak Pasture (4800 m) were probably of this species. ENP

HIMALAYAN THAR (*Hemitragus jemlahicus*) : seen almost daily (3-20 animals) from 3000 m to 4200 m. ENP

GORAL (*Nemorhaedus goral*) : several seen from 2800 m to 4000 m. ENP

MUSK DEER (*Moschus moschiferus*) : a few seen around Pheasant camp, 3700 m. ENP

BIRDS SEEN IN NEW DELHI

19.4 - 20.4.1986

Most birds in this list were observed at Delhi zoo (all wild) and at Qutab Minar.

LITTLE GREBE : 2	RICHARD'S PIPIT : 1
LITTLE CORMORANT : 5-10	LARGE PIED WAGTAIL : 2
INDIAN SHAG : 200	RED-WHISKERED BULBUL : 2
WHITE PELICAN : 25	RED-VENTED BULBUL : abundant
NIGHT HERON : 25-50	MAGPIE-ROBIN : a few
POND HERON : 5-10	BROWN ROCK CHAT : 1
CATTLE EGRET : 10	LESSER WHITETHROAT : 1
LITTLE EGRET : 10-20	LARGE GREY BABBLER : 3
LARGE EGRET : 1	JUNGLE BABBLER : 5
PAINTED STORK : 4	PURPLE SUNBIRD : quite common
SPOTBILL DUCK : 40 !	WHITE-EYE : 2
DARK KITE : very common	GOLDEN ORIOLE : 2
EGYPTIAN VULTURE : 10	BLACK DRONGO : quite common
WHITE-BACKED VULTURE : common	HOUSE CROW : common
INDIAN GRIFFON : 2-3	JUNGLE CROW : 2-3
BLACK VULTURE : 2	BRAHMINY MYNA : quite common
WHITE-BREASTED WATERHEN : 2	PIED MYNA : quite common
INDIAN GALLINULE : 10	COMMON MYNA : abundant
BRONZE-WINGED JACANA : 2	HOUSE SPARROW : common
THICK-KNEE : 1	STREAKED WEAVER : 30
RED-WATTLED LAPWING : 5	
BLUE ROCK PIGEON : 50	
INDIAN RING DOVE : common	
LITTLE BROWN DOVE : common	
ROSE-RINGED PARAKEET : common	
HOUSE SWIFT : quite common	
WHITE-BREASTED KINGFISHER : 3-4	
SMALL PIED KINGFISHER : 1	
GREEN BEE-EATER : 1	
HOOPOE : 5	
GREY HORNBILL : 1	
DUSKY CRAG MARTIN : 3-5	
STRIATED SWALLOW : 2	

BIRDS SEEN IN KATHMANDU VALLEY
20.4 AND 9.5.1986

The birds reported here were almost exclusively seen on Phulchowki and Godaveri Botanical Gardens.

CATTLE EGRET : quite common	GREY-HEADED FLYCATCHER : 1
CRESTED SERPENT EAGLE : 1	RUSTY-CHEEKED SCIMITAR BABBLER : 1
INDIAN RING DOVE : common	WHITE-THROATED LAUGHING-THRUSH : 20
WEDGE-TAILED GREEN PIGEON : 1	STRIATED LAUGHING-THRUSH : 2
COMMON HAWK CUCKOO : several heard	RED-WINGED SHRIKE BABBLER : 1
HIMALAYAN CUCKOO : several heard	BLACK-CAPPED SIBIA : common
HOUSE SWIFT : common	RED-HEADED TIT : q. common
WHITE-BREASTED KINGFISHER : 1	YELLOW-BROWED TIT : 1
GREAT HIM. BARBET : 5	YELLOW-CHEEKED TIT : 4
GOLDEN-THROATED BARBET : 6	WHITE-TAILED NUTHATCH : 1
BLUE-THROATED BARBET : 1	WHITE-EYE : 5
BLACK-NAPED WOODPECKER : 1	MAROON ORIOLE : 10
BARN SWALLOW : q. common	BLACK DRONGO : common
GREY WAGTAIL : 2	SMALL RACQUET-TAILED DRONGO : 4
SCARLET MINIVET : 4	EURASIAN JAY : 2
ORANGE-BELLIED LEAFBIRD : 4	RED-BILLED BLUE MAGPIE : 2
MAGPIE-ROBIN : q. common	HOUSE CROW
PLUMBEOUS REDSTART : 2	BANK MYNA : q. common
WHISTLING THRUSH : 1	JUNGLE MYNA : q. common
GREY-WINGED BLACKBIRD : 10	
SPOTTED FORKTAIL : 1	
GREY-HEADED WARBLER : 10	
PHYLLOSCOPUS REGULOIDES : quite common	
PH. INORNATUS : common	
PH. COLLYBITA : 2	
LARGE NILTAVA : 1	
BEAUTIFUL NILTAVA : 1	
VERDITER FLYCATCHER : 2	
BROWN FLYCATCHER : 1	

BIRDS SEEN IN CHITWAN NAT. PARK
6.5. - 8.5.1986

CHESTNUT/YELLOW BITTERN : 1	INDIAN RIVER TERN : 2
NIGHT HERON : 6-7	BLACK-BELLIED TERN : 2
LITTLE GREEN HERON : 3	RED-TURTLE DOVE : 2
POND HERON : common	SPOTTED DOVE : common
CATTLE EGRET : 50-100	ORANGE-BREASTED GREEN PIGEON : 7
LITTLE EGRET : common	ROSE-RINGED PARAKEET : common
INTERMEDIATE EGRET : 1	BLOSSOM-HEADED PARAKEET : 25
LARGE EGRET : 10-20	ROSE-BREASTED PARAKEET : 3
PURPLE HERON : 2	COMMON HAWK CUCKOO : q. common
OPEN-BILL STORK : 9	INDIAN CUCKOO : q. common
WHITE-NECKED STORK : 2	DRONGO CUCKOO : q. common
LESSER ADJUTANT : 1	LARGE GREEN-BILLED MALKOHA : 3
BLACK IBIS : 2	LARGE COUCAL : 5-10
LESSER WHISTLING TEAL : 130	SMALL COUCAL : 5-10
BLACK-CRESTED BAZA : 2	BROWN HAWK OWL : 1
HONEY KITE : 2	LONG-TAILED NIGHTJAR : 1 heard
WHITE-BACKED VULTURE : 50	WHITE-THROATED/WHITE-VENTED NEEDLETAIL : 10
INDIAN GRIFFON : 3	CRESTED SWIFT : 8
WHITE-EYED HAWK : 1	WHITE-BREASTED KINGFISHER : 5
OSPREY : 1	SMALL PIED KINGFISHER : 10
BLACK PARTRIDGE : 2	GREEN BEE-EATER : 2
RED JUNGLE FOWL : quite common	BLUE-TAILED BEE-EATER : 1
KALIJ PHEASANT : 2 + pull	CHESTNUT-HEADED BEE-EATER : 10
COMMON PEAFAWL : 4	INDIAN ROLLER : 10
WHITE-BREASTED WATERHEN : 2-3	DARK ROLLER : 20
INDIAN GALLINULE : 40	PIED HORNBILL : 1
PURPLE GALLINULE : 3	GIANT HORNBILL : 1
BRONZE-WINGED JACANA : 6	LINEATED BARBET : heard
LITTLE RING PLOVER : 3	SMALL YELLOW-NAPED WOODPECKER : 2
LESSER GOLDEN PLOVER (?) : 10	BLACK-NAPED WOODPECKER : 2
RIVER LAPWING (SPUR-WINGED) : 1	THREE-TOED GOLDENBACKED WOOD- PECKER : 6
RED-WATTLED LAPWING : 15	FULVOUS-BREASTED PIED WOOD- PECKER : 3
TEMMINCK'S STINT : 4	GREY-CROWNED PYGMY WOODPECKER : quite common
GREENSHANK : 1	
COMMON SANDPIPER : 6	
SMALL PRATINCOLE : 20	

INDIAN PITTA : 5
 BUSH LARK : 1
 SAND LARK : 10
 SAND MARTIN : abundant
 BARN SWALLOW : 15
 YELLOW-HEADED WAGTAIL : 4
 LARGE PIED WAGTAIL : 10
 LARGE PIED WOOD-SHRIKE : 4
 PIED WOOD-SHRIKE : 4
 DARK CUCKOO-SHRIKE : 4
 LARGE CUCKOO-SHRIKE : 2
 SCARLET MINIVET : 10
 SMALL MINIVET : 2
 ROSY MINIVET : 6
 BLACK-HEADED YELLOW BULBUL : 2
 RED-WHISKERED BULBUL : quite
 common
 WHITE-CHEEKED BULBUL : 6
 RED-VENTED BULBUL : common
 GREY BULBUL : 3
 IORA : 4
 GOLDEN-FRONTED LEAF-BIRD : 2
 MAGPIE ROBIN : quite common
 SHAMA : 5
 WHITE-TAILED BUSH CHAT : 3
 PIED BUSH CHAT : common
 ORANGE-HEADED GROUND THRUSH : 8
 BLANFORD'S BUSH WARBLER : 3
 ZITTING CISTICOLA : 1
 PLAIN PRINIA : 1
 HODGSON'S PRINIA : 1
 YELLOW-BELLIED PRINIA : 5
 GREY-CAPPED PRINIA : 2
 TAILORBIRD : common
 PHYLLOSCOPUS TROCHILOIDES : 2
 PH. MAGNIROSTRIS : 2
 BROOK'S FLYCATCHER : 2
 WHITE-THROATED FANTAIL FLY-
 CATCHER : 10
 PARADISE FLYCATCHER : 25
 BLACK-NAPED FLYCATCHER : 8
 SPOTTED BABBLER : 2
 BLACK-CHINNED BABBLER : 2
 YELLOW-BREASTED BABBLER : com-
 mon
 RED-CAPPED BABBLER : 4
 STRIATED BABBLER : 5
 JUNGLE BABBLER : 3
 LARGE NECKLACED LAUGHING
 THRUSH : 3
 RUFOUS-NECKED LAUGHING THRUSH
 : 4
 WHITE-BELLIED YUHINA : 1
 GREY TIT : quite common
 VELVET-FRONTED NUTHATCH : 1
 CHESTNUT-BELLIED NUTHATCH : 3
 PURPLE SUNBIRD : 4
 WHITE-EYE : quite common
 BLACK-HEADED ORIOLE : q.common
 GOLDEN ORIOLE : 3
 BLACK DRONGO : common
 ASHY DRONGO : 4
 CROWBILLED DRONGO (?) : 1
 LITTLE BRONZED DRONGO : q.comm
 HAIRCRESTED DRONGO : 5
 ASHY WOOD-SWALLOW : 10
 INDIAN TREE PIE : 4
 JUNGLE CROW : common
 GREY-HEADED MYNA : 16
 COMMON MYNA : common
 BANK MYNA : quite common
 JUNGLE MYNA : common
 BAYA WEAVER : 2
 SPOTTED MUNIA : 7

MAMMALS

NEW DELHI :

FIVESTRIPED PALM SQUIRREL : quite common

KATHMANDU VALLEY :

HIMALAYAN WEASEL : 1

CHITWAN NATIONAL PARK :

RHESUS MACAQUE : 4

COMMON LANGUR : 10

LEOPARD : 1

JACKAL : 1

GREAT INDIAN ONEHORNED RHINOCEROS : 4

HOG DEER : 4

SPOTTED DEER : 8
