HIS HOLINESS THE XIV DALAI LAMA'S VISIT TO THE
Sikkim Research Institute of Tibetology

.. It is after more than two decades of the foundation-laying ceremony of SRIT by H.H. the Dalai Lama on 10 February 1997, H.H. while visiting Sikkim paid a kind visit to Sikkim Research Institute of Tibetology, Gangtok, on 21st October, 1981. We are all most grateful to H.H for having consented to visit the Institute and to bless it in spite of his various engagements here. It is indeed an unique and memorable event in the history of the Institute.

H.E. the Governor of Sikkim Shri Iromi J. H. Talayarkhan, President of the Institute received him. Sarbang ( procession of monks carrying banners, incense and musical instruments ) greeted His Holiness with the melody of gyalung (monastic clarinet ), tagdung ( monastic brass trumpet ). Hon'ble Minister, Venerable Lachen Gongchen Rinpoche, Ecclesiastical and Culture, Govt. of Sikkim, Dr. A. C. Banerjee, Director: SRIT, Yarpa T.S. Gyaltshen, and Lama scholars and other members of the staff welcomed H.H. with the offer of Khadas (scarves).

The Director conducted the Governor and H.H. to the General Library Hall tastefully decorated with flowers and ancient exquisite thanks (painted scrolls), when the audience stood up in the honour of His Holiness.

His Holiness was then shown round the Institute by President: SRIT., the Director and Yarpa T. S. Gyaltshen.

His Holiness then offered Khata (scarf) to the Silver image of Bodhisattva Manjusri.
H. E. the Governor of Sikkim/President: SRT, offered ku-sang-tuk-ten (representing body, speech and mind of Buddha).

Speaking on the occasion the President SRIT thanked H. H. for gracing the Institute with His presence and recalled His Holiness’s foundation-laying ceremony as also his contribution to this Institute. He appreciated the noble sentiments which guided the philosophy of H. H. in search of peace and harmony. His message of universal love and compassion is vital, the Governor said. in this twentieth century than ever before. He then requested H. H. to give his message.

His Holiness the Dalai Lama thanked H. E. for his welcome. Lamas and other respected guests for attending the function. He said that he was happy to come here and visit the Institute, for the first time since he laid the foundation stone of the Institute. The Institute had developed well. He further thanked the President for his presentation of the Institute’s Publications.

He related that in ancient times Buddhist lore had been preserved at the monasteries like Nalanda Vikramaśīla etc., from where this ancient learning was widely propagated.

H. H. praised the over-all progress of the Institute within so short a period and emphasised that this Institute should play a very important role for the propagation of wisdom and understanding. He then prayed that sentient beings might obtain vision of new wisdom through the Institute and develop compassion, loving kindness and most benevolent wish towards other beings.

His Holiness presented seven books on Buddhism and allied subjects to the Institute Library.

The ceremony was rounded up with light refreshments.

VISIT OF UNION MINISTER OF STATE FOR EDUCATION

Shrimati Sheila Kaul, Union Minister of State for Education, paid a visit to this Institute on 23rd October 1981 accompanied by
H. E. the Governor of Sikkim/President: SRIT. She was given warm reception on her arrival to the Institute by the Director, Dr. A. C. Banerjee and other members of the staff.

She was shown xylographs, manuscripts and other art objects of the Institute. The President presented her the complimentary copies of the Publications of the Institute. She had a talk with President and the Director about the possibility of further development of study and research in various fields of Buddhism and Tibetology. She expressed her satisfaction over the good work done by this Institute and wrote her commendatory comment in the VIP Book.

THE SAO PASSING OF HIS HOLINESS THE KYALWA KARMAPA RANGJUNG RIGPE DORJE, 15th INCARNATE

It is with the greatest sense of sorrow, grief and distress that we record the sad death of His Holiness Gyalwa Karlapa, the 16th incarnated Lama of Rumtek which occurred at Chicago on 6th November, 1981.

A dearly beloved figure as saintly as he was of good cheer, our Governor (President) had become deeply attached to His Holiness whom he had visited several times at Rumtek.

The Governor and Chief Minister immediately sent condolences messages. The Government of India, the State Government extended all possible assistance in transport of the body from Chicago in U.S.A. to Rumtek in Sikkim, India.

Recently His Holiness had come to Sikkim Research Institute of Tibetology to present 103 volumes of ancient Buddhist manuscripts when a grand function was held to welcome him.

His passing is a great loss to Sikkim, the rest of India and to humanity at large as he preached and practised the precepts of pristine purity of purpose in thought, word and deed. He was greatly respected by our President, Prime Minister and other leaders.
who all sent messages of deep condolence and heartfelt sympathy. The Prime Minister has donated three acres of land in Delhi for his shrine.

How beloved he was in the Heavens was manifested by a phenomenon at the time of his last rites during his funeral on the 49th Day after his death on 20th December, at Rumtek.

In a clear blue sky a rainbow appeared just at the time the prayers were about to start and again when the funeral pyre was lit for the cremation. A rainbow never appears except in an overcast clouded sky heralding rain. This was thus an extraordinary occurrence.

Yet one more phenomenon was that while the body was being consumed by flames, the heart of His Holiness fell down unscathed by the flames. It is now being preserved in a casket at the Monastery.

Thousands of mourners had gathered at Rumtek for many days including many from foreign countries.

The XVI Gyalwa Karmapa Rang-Byung-rig-Pa'i-dor-je was born in 1924 at Derge (De-ge) in Eastern Tibet. As with all the previous Karmapas, he was discovered through a letter left by his predecessor predicting the place and time of birth of his next incarnation. From his very boyhood he displayed immense natural insight and received the complete mediatorial training prescribed for Karma Kagyu. His Holiness was one of the first to see clearly the implication of the Chinese movements in Tibet. He escaped to India through Bhutan in 1958 bringing with him large number of followers along with many precious ritual objects and valuable texts.

In 1962 at the invitation of the Royal family of Sikkim he founded Dharma Chakra Whara, at Rumtek near Gangtok, Sikkim, present seat of the late Holiness.
In Bhutan, Nepal and Sikkim apart, His Holiness had established more than hundred religious centres in various parts of the world.

H.H. devoted his whole life and much of his thought and valuable time like a Kalyanamitra Bodhisattva to propagate Lord Buddha's message of loving kindness to all sentient beings for achieving peace and happiness among mankind on this earth.

It may be recalled in this context, that H.H. had presented a complete set of Tibetan Canonical Literature Kanjur (bKa-hgyur Derge Edition), consisting of 103 volumes as also 45 other valuable Tantric texts to Sikkim Research Institute of Tibetology on 24th February, 1981. He also promised to present a complete set of Tanjur (bstan-hgyur, Derge Edition) to the Institute.

His Holiness used to take great interest in the affairs of this Institute.

H.H. had been suffering seriously for a long time and at the advice of his physician was taken abroad for proper treatment. But unfortunately, despite all possible medical treatment, he passed away in Chicago (U.S.A.) at 8 A.M. on 6th November, 1981. Immediately on receipt of this sad news the Institute sent a telegram expressing profound sense of grief at the passing away of His Holiness.

The President, SRTI, Director and the staff of SRTI offered Khadas (scarves) as a mark of respect to His memory to the mortal remains of His Holiness when it arrived at Lishing Helipad at 1:30 P.M. on 10th November, 1981.

OBSERVANCE OF LHABAR THUCHEN FESTIVAL

Lha babs-dus-chen (Lord Buddha's descent from the heaven) is one of the great festivals of Buddhists all over the world of Buddhism. With great pomp and grandeur it is also observed here in all the monasteries where Lamas and devout Buddhist offer butter lamps, incenses and khadas (scarves) to the deities therein.
The Pali texts like the Athesalini, Sammohavinodini and Manoras-
thrapractali, etc. recorded that Lord Buddha first preached the
Abhivimana to the Tavatimsa gods (heaven of thirty-three gods),
while living among them on the Pandukambala rock at the foot of
Parivachataka tree in the Tavatimsa heaven during his visit to his
mother Mahamaya Devi.

On 18th November 1981 the Lamas and other staff members
also observed this Festival in our Tibetan Library hall on the first
floor of the Institute by chanting prayers, offering khadas (scarves)
and burning butter lamps etc. Several Buddhist deities also
attended the ceremonial function.

VAJRACARYA CHOJE TRUNGPA RINPOCHE’S VISIT TO SRIT

Venerable Surmaag Choje Trungpa Rinpoche, the founder
and Vajracya (spiritual leader) of Nuppa Institute in Colorado
USA, paid a visit to Sikkim Research Institute, Gangtok along with
his several disciples from USA on 7th December, 1981.

Venerable Rinpoche was received by Dr. A.C. Banerjee,
Director; SRITE and Yipa T.S. Gyaltsen and other members of the
SRITE staff.

Thereafter, he was taken round the Institute by the Director:
SRITE, Yipa T.S. Gyaltsen and others. He took keen interest in the
collections of antique objects and made a few suggestions for the
improvement of this institute.

Mr. JUSTICE S. C. PRATAP

Visit here has been an interesting as also an exhilarating experience! This Institute has one of the world's best collection of distilled wisdom in the field of Buddhism, study, mastery and precise whereof may as well take one swiftly and certainly to the ultimate realisation; Nirvana.

The aims and ideals governing this Institution transcend all materialism and embody the eternal values of life. May the great Buddha bless this Institution with great and outstanding success. And may His message spread far and wide through all those so sincere and devotedly working here.
A visit here will never be forgotten. I personally will always remember it.

My pranams to all doing the great and ennobling work here.

Sd/- S. C. Pratap,
Judge, High Court, Bombay,
20th October 1981.

His Holiness THE DALAI LAMA

I wish and pray that many sentient beings may obtain vision of new wisdom through this Institute and develop compassion, loving kindness and most benevolent wih towards other beings.

Sakya Bhikhu,

SHRI LALOO CHIBBER

At the instance of H. E. the Governor of Sikkim Shri Homi J. H. Taleyarkhan we visited the Sikkim Research Institute of Tibetology and we were fortunate enough to enter into the realm of Tibetology and all its stand for. No doubt the founders of the Institute have rendered a yeoman service to humanity by creating an opportunity for scholars drawn from all over the world to know the ancient civilization created, preserved and maintained by Lord Buddha.

No doubt the Institute has to carry on further research in this respect and help the world for its mobilisation more so at the present juncture when there is race between high powers to destroy the world and ancient civilisation like what we witness in this Research Institute. We are extremely grateful to Dr. Benerjee a renowned scholar for enhancing all that we ever grasp about Tibetology.
