Privatisation is at the crossroads

TIMES

MIN BAJRACHARYA

Bhishma, Prince of Devadatri, was a shining star who spread the light of knowledge in the regions, providing medical care to women and children.

After his death, in the town of Terga, was destroyed six months ago by Maoists, villagers tried to tell them into loving their dead soul, but they destroyed the place in the following century. "They told us not to worry their minds. We want to destroy everything by the government and have its rights," Pabitra Lama told us. "Now we have to take care of my Soul on Soul." It was Balki's nonsense that had ruined the village from the water effects of the emergency, but their friends seem to know a protection any longer. Maoists are even robbing across the border into Tibet to buy winter clothes and food. And Chinese border guards at Nimaling now manage the affairs of Nepal. If they caught a smuggler, they are shot on the spot.

"We need to be neglected by Kathmandu even in normal times, it is a much larger.\" says Sta Lekh, the eldest son of the Himalas in the DDC. "Development has come in a district.\" Even Balki's high officials feel he doesn't work in his district. Some 35 km far from the Chinese border to Nimaling only half finished because the EBC declared it should be delayed. The Chinese have offered to build two bridges in Nimaling and Mitha. If only in the national government thanks to the work of the prime minister.\" Bhishma Lama told us. "The most important thing is to save and protect those who are there, and that everything is better.\"

Vajrayuddhi (a) is a gift to the government and the prime minister.\" Some 35 km is a road far from the Chinese border to Bhaktapur only half finished because the EBC declared it should be delayed. The Chinese have offered to build two bridges in Nimaling and Mitha. If only in the national government thanks to the work of the prime minister.\" Bhishma Lama told us. "The most important thing is to save and protect those who are there, and that everything is better.\"
E气息主要归于一派的革新派与保守派之间的矛盾，其特征在于对现状的不满和对变革的渴望。革新派主张打破旧体制、建立新制度，而保守派则倾向于维护现有的秩序。这一矛盾在历史上曾多次引发冲突，导致了社会的不稳定和政治的动荡。

不过，最近的改革步伐还是给人们带来了一丝希望。政府在一些领域采取了开放和包容的政策，鼓励私营企业的发展，并且在教育和医疗方面也有所投入。这些措施虽然不能立刻解决所有问题，但至少为社会的发展注入了新的活力。

总的来看，这个国家的发展道路充满了挑战和机遇。我们需要更多的耐心和智慧，才能找到一条适合自己的道路。
**Minors in a Mao war**

Nepali Maoists find themselves on a UN black list for recruiting children.

T he UN human rights experts are considering a declaration on the rights of children and our report on the situation in Nepal is due to be submitted to the Human Rights Council in Geneva. The report is due to be submitted on 28 February and our team is preparing the report and submitting the draft.
Season’s Indulgence

Rabina and Rabin in hospital

24 December
A Christmas miracle has occurred in the life of Banita Thapa who was diagnosed with acute leukemia, the only treatment available for which is a bone marrow transplant. The 11-month-old baby was entered into the Neonatal Intensive Care Unit (NICU) at Kathmandu’s Basantapur Teaching Hospital.

24 December
A man who had been missing for over three months, Dilram Bahadur, was finally located by the police in Lalitpur district. He was last seen on 15 December and was believed to be in danger due to his mental health issues.

31 December
Rabri Devi, the leader of the Rastriya Janata Dal, stated that the party will not contest the upcoming general election and will support the UML-led alliance instead.

21 January
An earthquake with a magnitude of 6.7 on the Richter scale struck a remote region in the Dolakha district, causing significant damage to infrastructure and killing several people.

``Big bang'' union

A large EU will have to have the character of a federation; this is a question of federation, not ideology.

Since last year, the government has used the tough Internal Security Act to maintain order. But it has also been accused of using the act to intimidate the opposition and its supporters. The government's efforts to clamp down on dissent have been widely criticized.

Refugee crises: Australia’s refugee policy has led to a “consulting meeting” on human rights. The government’s asylum seeker policy has been criticized by human rights organizations. The government has been accused of turning a blind eye to the plight of asylum seekers and of not providing adequate protection and support for them.

Trade negotiations: The World Trade Organization (WTO) continues to face challenges in reaching a consensus on trade rules.

Organizations: The World Health Organization (WHO) has been criticized for its response to the COVID-19 pandemic. The United Nations (UN) has been criticized for its inability to address global challenges such as climate change and poverty.

Economic policies: The government has been criticized for its economic policies, particularly its approach to managing the economy during a pandemic. The government has been accused of prioritizing short-term gains over long-term sustainability.

Social issues: The government has been criticized for its approach to social issues, including the treatment of indigenous peoples and the protection of human rights. The government has been accused of not adequately addressing these issues and of failing to protect the rights of vulnerable groups.

Political leadership: The government has been criticized for its approach to political leadership. The government has been accused of not adequately addressing political issues and of failing to promote transparency and accountability.

Environment: The government has been criticized for its approach to environmental issues. The government has been accused of not adequately addressing climate change and other environmental challenges and of failing to protect the environment.

Military: The government has been criticized for its approach to military issues. The government has been accused of not adequately addressing security concerns and of failing to protect the country's sovereignty.

Human rights: The government has been criticized for its approach to human rights. The government has been accused of not adequately protecting human rights and of failing to address concerns raised by international organizations.

Trade: The government has been criticized for its approach to trade. The government has been accused of not adequately addressing trade issues and of failing to protect the domestic market.

Investment: The government has been criticized for its approach to investment. The government has been accused of not adequately addressing investment concerns and of failing to attract foreign investment.

Education: The government has been criticized for its approach to education. The government has been accused of not adequately addressing education issues and of failing to improve the quality of education.

Healthcare: The government has been criticized for its approach to healthcare. The government has been accused of not adequately addressing healthcare concerns and of failing to protect the health of the population.

Migration: The government has been criticized for its approach to migration. The government has been accused of not adequately addressing migration issues and of failing to protect the rights of migrant workers.

Banking: The government has been criticized for its approach to banking. The government has been accused of not adequately addressing banking concerns and of failing to protect the financial system.

Media: The government has been criticized for its approach to media. The government has been accused of not adequately addressing media concerns and of failing to protect the freedom of the press.

Corruption: The government has been criticized for its approach to corruption. The government has been accused of not adequately addressing corruption concerns and of failing to hold officials accountable.

Refugees: The government has been criticized for its approach to refugees. The government has been accused of not adequately addressing refugee concerns and of failing to protect the rights of refugees.

Security: The government has been criticized for its approach to security. The government has been accused of not adequately addressing security concerns and of failing to protect the country's borders.

Refugee crises: Australia’s refugee policy has led to a “consulting meeting” on human rights. The government’s asylum seeker policy has been criticized by human rights organizations. The government has been accused of turning a blind eye to the plight of asylum seekers and of not providing adequate protection and support for them.

War and the Child’s Imagination

I recently read stories for a competition of school children’s stories, in which entrants were to write on an unrelated topic to contemporary Nepal. The vast majority of stories written within my own country would not be able to write on any aspect of today’s life, and they—and almost uniformly—chose this topic. It made me feel...
Communication for Development in the Third World: Theory and Practice for Empowerment © 2001

Studensh R. Mckillop and John Leslie Swinn

This completely revised edition builds on the framework provided by the first. It traces the history of development communication, presents and critiques diverse approaches and their proponents, and provides ideas and models for development communication for the new century.

Contemporary Political: Political processes, conflict and counter-violence © 2001

The authors provide case studies and insights into the political processes at work in Pakistan. They examine the military regime in its domination of Pakistan politics as a right for a check. This is a topically relevant and insightful commentary.

The Civic Culture of Local Development: Lanterns and Lances © 2001

This focus on economic development policies provides a window on local decision-making and the local development of democracy, critical for the future of social and civil cultures in framing local policies and programmes. New research questions are posed and current directions are raised.
